ORDERING EQUIPMENT FOR LOADING

ITEM 175.00

ISSUED DATE: APRIL 13, 2009

EFFECTIVE DATE: MAY 3, 2009

AVAILABILITY OF CAR

DME/ICE will determine how many cars shall be available for loading on a monthly basis. Should the DME/ICE determine there is not a sufficient supply of cars for loading, car ordering will be suspended for the current or upcoming months until such time it is determined that empty cars will be available.

In the event railroad suspended car ordering, notification shall be sent via email and posted on our website: www.dmerail.com or www.icerail.com.

Railroad reserves the right to limit the number of cars a loader may order at one facility per month.

Car orders which are accepted but not filled by end of the month, for which they are ordered, will remain on order for the next 30 days. Any orders not filled after the additional 30 days shall be considered canceled.

STANDBY LIST

In the event car ordering for a month has been suspended, loader will be allowed to place a car order on a standby list. Should a car become available, the loader will be contacted by the Car Distributor for loaders acceptance of the car.

Cars on the standby list which are not filled by the end of the month for which they are ordered will **not** carry into the next month.

PLACING ORDERS

Car orders will be accepted by using DME/ICE car order form (form is provided on our website: www.dmerail.com or www.icerail.com) and transmitted via facsimile to 605-782-1497 or emailed to mhayes@cedaramerican.com or by logging on to www.railconnect.com for internet car order system (for internet setup, please contact Megan Hayes; phone: 605-782-1410).

A want date must be specified on the car order form in order for the railroad to designate a date for delivery.

Orders for equipment shall **not** exceed the track capacity of the loading facility.

Only one order form, per want date, will be accepted each day.

Car orders will **not** be accepted from loader for days on which DME/ICE does not provide regular train service, (ex: loader which receives train service on Tuesday and Friday cannot submit car orders for placement or want dates on Monday, Wednesday or Thursday).

CHANGES IN ORDERS & TRANSFERRING ORDERS

In the event a loader cannot utilize a car, the car order is transferable to another loader. To transfer a car order, the loader must first arrange with the Car Distributor; Sioux Falls, SD; phone: 605-782-1410.

Car transfer request must be given prior to 7 days of "want date", any request after 7 days will **not** be accepted.

It shall be the responsibility of the loader ordering the car to find another party willing to accept the canceled car order.

CANCELLATION PENALTY

A cancellation penalty will apply for car orders which are cancelled 7 days prior to the want date.

DME/ICE will assess a cancellation penalty charge of **\$150.00** per car against any car order canceled or if cars are refused when offered. Penalty charges will be assessed against the loader placing the car order.

Requests for cancellation of car orders shall be in writing, sent via facsimile to the Car Distributor; Sioux Falls, SD; fax: 605-782-1497.

Cars for which constructive or actual placement has been performed on or one day prior to want date, and the cars are subsequently released back to the railroad without being loaded and billed via the DME/ICE; a switch charge of **\$350.00** per car will be assessed in addition to the **\$150.00** per car cancellation fee.

In the event car orders are not assigned by the last day of the month, the loader has the option to cancel the car order without incurring the cancellation charge. Request shall be in writing via facsimile to the Car Distributor; Sioux Falls, SD; fax: 605-782-1497, free of charge.
